

Friends of Shirtcliffe

Below are listed the Friends of Shirtcliffe events:

All comers are welcome – equipment and protective gloves are provided.

The week before each workday, FoS Officers undertake a Risk Assessment walk. If you spot any problems in the intervening period, please let one of the committee members know.

Schedule 2017

Workdays *(Please note: FoS Workdays are now Ranger-supervised.) We work from 1pm to 3pm.*

Please note:

**As this is the holiday period, there is no FoS workday in August – enjoy the break!
We hope to see you in September, refreshed and raring to go.**

No decision has yet been made on activities for the remaining workdays. However, any work that has to be done on the slopes of Smelter Wood will have to take place when the water level in the Brook is low – maybe later in the Summer. We can generally do Scrub Control up until the nesting period, which begins in April, but then we can start again in September. Please do let us know of any problems you spot – we can always change the schedule!

Dates for the rest of the year:

September 9th
October 14th
November 11th
December 9th

August is the holiday period, so no workday is scheduled for this month.
